Lead personnel: J. Davison

Aims which guide our policies and practice at Dane Royd School

PERSEVERANCE

As a school, we aim to nurture an environment where children and staff achieve and thrive. We want to build strong foundations and a love of learning where every member of our school community feels they belong, can be, and become the very best version of themselves. We want our children to understand the rich heritage of the world; to be a positive member of their community and to become skilled citizens who have self-belief, passion and empathy for the world in which they live.

Our Agreed Strong Foundations are:

RESPECTFUL

- To create a school environment which nurtures and encourages a life-long love of learning.
- All members of the school community will live the school values. Through these values, we will equip our young people with the skills for life, to make them reflective, empathetic and open-minded members of the community.
- To provide vital enrichment activities to provide opportunities for our children to experience and thrive in.
- To teach the knowledge and skills to enable our young people to make informed decisions about their well-being, health and relationships to build their self-efficacy.
- To celebrate differences and diversity, and promote equity of opportunity so all can thrive together.
- To have high aspirations for all our young people. We want every child to succeed in their own way. Successful learning means enabling every individual – regardless of background, race, gender, disability, sexuality or socioeconomic status – to flourish in our school.
- To support pupils to become responsible, active citizens who can play their part in public life as young people and adults in modern Britain.
- We want our children and staff to be proud of their school. By following our school values, we will build a respectful, dynamic and inclusive school community where everyone's achievements are celebrated.

OPEN-MINDED

UNDERSTANDING

DETERMINED

We ensure that all of our policies and practices are guided by these aims and we seek to ensure that they are at the forefront of all that we do.

1. Aims

Our SEN policy and information report aims to:

- Set out how our school will support and strive to make provision for pupils with special educational needs (SEND)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND
- Ensure that the special educational needs and disabilities of children are identified, assessed and provided for
- Make clear the expectations of all partners in the process
- Identify the roles and responsibilities of staff in providing for children's special educational needs and disabilities
- Ensure that parents are involved in supporting their child's education
- Ensure that our children have a voice in this process
- Create an environment that strives to meet the special educational needs and disabilities of each child
- Enable children to have full access to all aspects of the school curriculum where appropriate

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities
- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report
- Supporting pupils at school with medical conditions: Statutory guidance for governing bodies of maintained schools and proprietors of academies in England
- What equality law means for you as an education provider: schools

3. Definitions

A pupil has SEN if they have a learning difficulty or disability, which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

4. Roles and responsibilities

4.1 The SENCO

The SENCO is James Davison.

They will:

- Work with the headteacher and SEN governor to determine the strategic development of the SEN policy and provision in the school
- Have day-to-day responsibility for the operation of this SEN policy and the co-ordination of specific provision made to support individual pupils with SEN, including those who have EHC plans
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEN receive appropriate support and high-quality teaching
- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Be the point of contact for external agencies, especially the local authority and its support services
- Liaise with potential next providers of education to ensure pupils and their parents are informed about options and a smooth transition is planned
- Work with the headteacher and governing body to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Ensure the school keeps the records of all pupils with SEN up to date
- Contribute to the professional development of all staff
- Manage a range of resources to enable appropriate provision to be made for children with SEND

4.2 The SEN governor

The SEN governor will:

- Help to raise awareness of SEN issues at governing board meetings
- Monitor the quality and effectiveness of SEN and disability provision within the school and update the governing body on this
- Work with the headteacher and SENCO to determine the strategic development of the SEN policy and provision in the school

4.3 The headteacher

The headteacher will:

- Work with the SENCO and SEN governor to determine the strategic development of the SEN policy and provision in the school

- Have overall responsibility for the provision and progress of learners with SEN and/or a disability
- Have overall responsibility for the management of the SEN funding

4.4 Class teachers

Each class teacher is responsible for:

- The progress and development of every pupil in their class
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching
- Working with the SENCO to review each pupil's progress and development and decide on any changes to provision
- Ensuring they follow this SEN policy

5. SEN information report

5.1 The kinds of SEN that are provided for

Our school currently provides additional and/or different provision for a range of needs, including:

- Communication and interaction, for example, autistic spectrum disorder,

Asperger's Syndrome, speech and language difficulties

- Cognition and learning, for example, dyslexia, dyspraxia,
- Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD),
- Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy
- Moderate/severe/profound and multiple learning difficulties

5.2 Identifying pupils with SEN and assessing their needs We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, social needs. Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN. When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

5.3 Consulting and involving pupils and parents

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' concerns and listen to the pupil's voice
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents when it is decided that a pupil will receive SEN support.

We will work closely with parents in support of children with special educational needs. We encourage an active partnership through an ongoing dialogue with parents. The home-school agreement is central to this. Parents have much to contribute to our support for children with special educational needs.

5.4 Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**. The class or subject teacher will work with the SENCO to carry out a clear analysis of the pupil's needs. This will draw on:

- The teacher's assessment and experience of the pupil
- Their previous progress and attainment and behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant

We will record, on a Learner Profile and a Supporting Me To Learn Plan, the strategies used to support the child. They will show the short-term targets set for the child and the teaching strategies to be used. It will also indicate the planned outcomes and the date for the plan to be reviewed. In most cases, this review will take place once a term. If the review identifies that support is needed from outside services, we will consult parents prior to any support being actioned. Information from external support services will be included in the Learner Profile and Supporting Me To Learn Plan/Supporting Me to Thrive Plan. Wherever possible any new strategies will be implemented within the child's normal classroom setting.

If the child continues to demonstrate significant cause for concern, a request for statutory assessment will be made to the Local Authority. A range of written evidence about the child will support the request.

The assessment will usually be reviewed once a term.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

5.5 Supporting pupils moving between phases and preparing for adulthood We will share information with the school, college, or other setting the pupil is moving to.

5.6 Our approach to teaching pupils with SEN

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High quality teaching is our first step in responding to pupils who have SEN. This will be differentiated for individual pupils.

We will also provide the following interventions:

See provision map on SEND website page

5.7 Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

5.8 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- Reviewing pupils' individual progress towards their goals each term
- Reviewing the impact of interventions
- Using pupil voice
- Monitoring by the SENCO
- Holding annual reviews for pupils with statements of SEN or EHC plans

5.9 Enabling pupils with SEN to engage in activities available to those in the school who do not have SEN

Our extra-curricular activities and school visits/residentials are available to our pupils, including our before-and after-school clubs and Extended Schools provision. In circumstances, and inline with equality laws as set out by the Equality and Human Rights Commission, where the school feels any particular child may not be able to be kept safe or poses a risk to public safety, after reasonable adjustments have been made, may not take part in certain trips.

5.10 Complaints about SEN provision

Complaints about SEN provision in our school should be made to the SENCO in the first instance. They will then be referred to the school's complaints policy.

The parents of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEND tribunal if they believe that our school has discriminated against their children. They can make a claim about alleged discrimination regarding:

- Suspensions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

6. Monitoring arrangements

This policy and information report will be reviewed by Alison White/Emma Wake **bi-annually**. It will also be updated if any changes to the information are made during the year.

It will be approved by the governing body.
