

Autumn 1 – Homework

Please bring into class a photograph of your child pictured with their family members so that they may share it with their friends as part of our work on special people. It may be a photo of immediate family or even a wider family portrait! Following discussion, we intend to display these family photos in an album for the children to explore at their leisure in class and will return them to you before October half-term.

Please complete & return to school **asap** the green Achievement Star so that it may be celebrated in class and displayed in the cloakroom.

Why not try these linked activities suggested by the '50 things to do before you're five' campaign? Download the FREE app on the Apple Store / Google Play store.
